Frieze Masters 2017 is hosting a special section titled the "Frieze Spotlight" which is on view at London's Regent Park.

The Spotlight section made its debut in 2015, when anticipated a number of major institutional shows and museum acquisitions dedicated to solo artist presentations of work made in the 20th century. Curated by Clara M Kim, Frieze Spotlight offers the visitors an opportunity to explore a collection of masterpieces and a range of artists presented by some of the most established and renowned galleries from various parts of the world. This special section continues to reveal extraordinary, under-recognized figures and, in the process, to question traditional canons and shed new light on recent art history. This year's Frieze Spotlight will feature artists such as [Bernd Lohaus](#), John Dogg, [Eleanor Antin](#), Tommy Simoens, Venus Over Manhattan, Laura Grisi, Minoru Onoda, [Shusaku Arakawa](#), [Alfredo Jaar](#), Lee Kun-Yong, and [Joan Brown](#). These artists are being represented by some of the most established galleries such as Gallery Hyundai, Anglim Gilbert Gallery, Massimo Minini, and others. Visitors can explore a range of varied art including works on paper, large-scale figurative paintings, and staged photography.
